About Me

Emma Saccone's Artwork

Hello!

I am a student at Queens College currently working towards my bachelors degree in Graphic Design. I had never done any sort of art on the computer until I started this degree in Spring 2017. I have always enjoyed drawing with pencil or charcoal since I was a child, but wanted to try something different. I decided on graphic design since the world is very computer based and I love it. Besides drawing I enjoy going to concerts, watching movies, and reading when I have the time.

Education

Stony Brook University 2013-2016 B.S. Biology
SUNY Purchase College 2012-2013
